

GMB-6C

Gooseneck Microphone

DESCRIPTION :

The Ahuja GMB-6C is a gooseneck microphone with a 10 m twin-core shielded low-noise mic cable with XLR connector and 6.3mm (¼") phone plug. Built-in cell housing for 2×UM-3 pencil cells (3V) for operating the condenser microphone.

It has an on/off switch provided. Special electronic circuitry for minimal switch noise.

FEATURES :

- This is a sturdy, heavy duty base made of die-cast aluminium suitable for Ahuja electret condenser gooseneck microphones. It has a female XLR connector for directly mounting the gooseneck microphone and a male XLR socket at the rear for connecting standard microphone cable to the amplifier.
- Heavy weight housing with anti-skid feet ensures stability.
- 10 mtrs. twin core shielded low noise mic cable with XLR connector & 6.3mm (¼") phone plug.
- Built-in cell housing for 2×UM-3 pencil cells (3V) for operating the condenser microphone.
- On/Off switch provided. Special electronic circuitry for minimal switch noise.
