

OSX-999T

Weather Resistant PA Wall Speaker

DESCRIPTION :

The Ahuja OSX-999T is a 90W weather resistant PA wall speaker. It combines a Polypropylene Cone Woofer, a Titanium Silk Dome Tweeter and a Crossover Network.

Power taps can be selected through a slotted rotary switch knob at the rear, accessible after removing the terminal cover.

FEATURES :

- Reliable IP-66 rated, weather resistant plastic cabinet wall speakers with outstanding sound clarity. Suitable for both indoor and outdoor use. Suitable for use on 100V line, or on direct 80hm impedance.
- Comprises of a Polypropylene Cone Woofer, a Titanium Silk Dome Tweeter and a Crossover Network.
- Power taps can be selected through a slotted rotary switch knob at the rear, accessible after removing the terminal cover.
- 'U' type metal bracket for firm mounting and optimum positioning of the wall speaker.
