

SLA 40

DESCRIPTION :

The SM Professional SLA 40 is a 400 watts , dual 8" LF & 2 x 1 HF, Line Array enclosure designed to bring line array performance benefits to a variety of small and medium scale applications.

FEATURES :

- Fast, integral rigging system with variable splay angles.
- HF frequency attenuation by selection of throw (long, medium, short)
- High acoustic output.
- Constant Curvature waveguide for unprecedented array coherence.
- Coverage Pattern: 100 degx 10 deg nominal (horizontal x vertical), single unit
- Extra textured anti-scratch paint finish
- High-quality passive crossover network for maximum reliability.
- Flexible ground stack capability
- SLA 40 System Consists of:
 - SLA 40T: Line Array Module
 - SLA40 Kit : Fly Bar

SPECIFICATIONS :

Product Type	Line Array
Power Output (RMS / Peak) Watts	400W / 800W
Frequency Response	85-19 KHz
Impedance (Ohm)	8
LF Driver Size	2 x 8" Woofer
HF Driver Size	2 x 1" Exit, 1.5" Voice Coil
Input Connector	2 x Speakon
Dimension (W x D X H) mm	758 x 367 x 230
Net Weight (Kgs.)	23
Net Weight Fly Bar (Kgs.)	9

Specifications from the official SM Professional literature. Issued for customer reference.
